

Bluegrass Community Hospital is driven by our mission of *making communities healthier.*® We are dedicated to providing high-quality care close to home and investing in our region's overall well-being. Our teams are committed to embodying our core values and improving the health of all those we serve. We feel privileged to be part of this community, and we take seriously the role we play in providing compassionate, accessible care to patients and their families.

With the support of Lifepoint Health and community partners like you, we continue to advance our mission and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. We look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

David Steitz, MBA, FACHE, CEO

2023 Community Benefits

Added 24 employed and independent providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in occupational medicine, ophthalmology and wound care.

Made nearly \$790,000 in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a new scope washer, a surgical video tower, a hospital generator system and new analyzers for chemistry and hematology.

Distributed a payroll of \$10,133,045 to approximately 135 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

Donated nearly \$3 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

Paid \$955,510 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Bluegrass Community Hospital hosted a free community-wide, hands-only CPR class, where over 100 individuals attended to learn how to save a life in case of emergency.

Bluegrass Community Hospital hosted its annual Healthy Aging Summit where community members were able to learn about mental health and aging from geriatric psychiatrist, Dr. William Petrie, Medical Director of Senior Life Solutions at Bluegrass Community.

In March of 2023, Congressman Andy Barr visited Bluegrass Community Hospital to meet with frontline staff and tour the facility, where he expressed gratitude and discussed the importance of rural healthcare facilities like BGCH.
