In 2021, we...

...added 14 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. This year, we added providers in anesthesiology, ophthalmology, orthopedics, pathology, podiatry, radiology and general surgery.

...made more than \$530,000 in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included 3D mammography technology and a mobile MRI unit.

...distributed a payroll of \$8,350,098 to approximately 110 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$2.1 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.
